In the references 1st to 4th read above, Engineer-in-Chief (Medium Irrigation), Hyderabad has furnished proposals to entrust the work for creating additional ayacut of 21,000 acres i.e., 15,000 acres under LF canal and 6,000 acres under RF canal under Sri Komaram Bhim Project to EPC agency for which payment can be made on actual work done basis. Further the Engineer-in-Chief (Medium Irrigation), Hyderabad has informed that the approximate cost of additional items of works under Sri Komaram Bhim Project was reported as Rs.103.50 Crores. The cost is excluding the cost for increase in carrying capacity of L.F. canal and extra length of L.F. canal corresponding to the additional ayacut of 15,000 acres. The detailed cost of the additional items including these two items as worked out by the Superintending Engineer is as follows:-

Sl.No.	Work	Amount
1.	Approximate cost of converting Korsini M.I.Tank Near Korsini (V) as balancing reservoir	Rs.40.00 Crores
2.	Distributary system including FCs for additional ayacut of 15,000 acres under L.F. canal	Rs.22.50 Crores
3.	a) Construction of RF Regulator b) Approach Channel to connect RF Regulator c) RF main canal with CD & CM works	Rs.32.00 Crores
4.	Distributary system including FCs for 6,000 acres under RF canal	Rs.9.00 crores
5.	Approximate additional cost for LF Regulator and LF main canal for increasing the carrying capacity in view of additional ayacut (this is being executed by EPC Agency)	Rs.50.00 Crores
6.	Approximate cost of about additional 15 KM length of L.F main canal to irrigate additional ayacut of 15,000 acres	Rs.22.50 Crores.
	Total	Rs.176.00 Crores
